

PTS SQUARE

Ornamental and Specialty Fencing Applications

In addition to round pipe and tubing, **US Premier Tube Mills** manufactures square framework for the fencing industry. Whether your needs are for steel ornamental, welded wire, custom gate fabrication, custom fence framework, or specialty security applications, USPTM has the square tubing for your project.

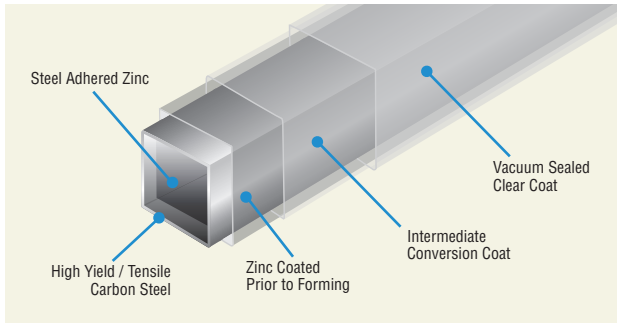

Triple Layer Coating - Our shaped tubing features the identical triple layer coating process of our PT series products. A triple layer of OD corrosion protection consisting of a zinc bath, an intermediate conversion coat and a clear vacuum sealed top coat is then added to provide maximum protection and durability. The ID is zinc coated prior to forming.

Square Tubing - is available in gauges ranging from 14 to 16 with sizes 2", 2.25", and 2.5". All square material conforms to ASTM F2408-09, Standard Specification for Ornamental Fences Employing Galvanized Steel Tubular Pickets 5.1 and 5.1.1.

Colors - custom color coating is available on all of square tubing products using our state-of-the-art inline polyester coating and heavy mil polyolefin process.

Made in U.S.A. - All Square tubing product from USPTM is manufactured in the USA. Available in Polyester and heavy mill Polyolefin Color Coat.

We are a domestic manufacturer of domestic steel products made from only domestic steel sources.
